Dear Campers and Parents,

It is an exciting time for Brookwood High School, and our basketball program. We are coming off a season in which we returned to the State Playoffs after finishing as the #3 seed from Region 8-AAAAA. With this excitement, we would like to continue this positive momentum into our summer program. Our camp is meant to be a fundamental basketball camp where children will be able to learn new skills and develop their basketball abilities to the fullest. We want kids to enjoy the game of basketball and develop their talents to become a better player. Throughout the camp we will cover basic fundamentals of ball handling, shooting, passing and overall knowledge of the game along with fun activities to keep the campers fresh. I look forward to you joining us for a great summer camp!

Yours in basketball,

Daniel Bowles

Incoming Freshman Camp

This camp is an excellent way to start learning about Brookwood Basketball. Coach Chavatal will serve as the lead instructor in the camp and will begin teaching the offenses and defenses that we use here at Brookwood. We will also work on fundamentals with the use of various drills that we use in our high school practices and game situations. This camp is a great opportunity to get your “foot in the door” entering 9th grade at Brookwood. **A majority of our current varsity players** went through this camp as they entered high school.
